**REGARDING THE REDISTRICTING OF THE CONGRESSIONAL DISTRICTS  
IN LOUISIANA**

**WHEREAS**, the 2010 Census results in a redistricting of the Congressional Districts in our state and a loss of one Congressman and

**WHEREAS**, the interests of our parish should be considered in the redistricting plan and

**WHEREAS**, the southwest corner of Louisiana should stay in the same district in which it has thrived for many years and where we have much in common with the parishes to the east and

**WHEREAS**, Dr. Charles Boustany has successfully represented this district in an honorable manner and

**WHEREAS**, Lafayette and Lake Charles have many more things in common than any other area, such as oil, gas, wetlands, marshlands and hurricanes and

**WHEREAS**, both areas have prospered and worked together well and grown proportionately and

**THEREFORE**, having seen the presentation of the other redistricting plans and the major cities that Lake Charles would be grouped with in future districts.

**THEREFORE** the PEC requests that this district remain virtually intact to continue growth and stimulation of the economy of our great state.

**BE IT THEREFORE RESOLVED** that this Resoluituin was adopted on this 17<sup>th</sup> day of February, 2011, in the city of Lake Charles, Louisiana by the Calcasieu Parish Executive Committee of the Republican Party of Louisiana.
